

## Lions Gate Camera Club Awards 2011 - 2012

I would like to thank the Competition Chairs for recording the monthly results and our statistician David Wingate for keeping track of the monthly statistics and preparing the annual summary.

The purpose of the Awards is to recognize an individual's achievement during the year. In 2011 following a poll of the membership the presentation of trophies, plaques and ribbons was discontinued, regrettably this is not reflected in the information in the Member's Handbook.

All trophies/plaques, except one, have been retired. The trophies/plaques represent an important part of the history of the Lions Gate Camera Club. The plan is to transcribe the names of the past winners of each award and to post this with an image of the award to our web site.

This year again

- Individuals placing second and third are being acknowledged and at their option will receive a ribbon.
- The member with the highest aggregate score in each category receives a certificate acknowledging their achievement.
- The member who has earned the highest number of Gold (10's) will receive a certificate and the member may accept the **Lilie Patenaude Memorial Trophy** or leave it with the club.
- In the event of a tie in any category each member will receive a Certificate.

### Awards Night – September 20, 2012
